Escape for a week with friends or family to a private and exquisitely designed and appointed contemporary villa, tucked away in manicured gardens and lush rainforest in the Manuel Antonio area of Costa Rica.

The villa offers 6,000 square feet of seamless indoor-outdoor living, including two indoor gardens - blurring the division between the luxurious interior and the tropical outdoor environs. An indoor water feature flows gently into the infinity edged pool that appears to spill right into the lush vegetation. At night, the grounds are illuminated, providing a unique nighttime experience.

A private fully self sufficient 2 bedroom garden villa is set apart from the main villa, and features two large bedrooms with queen beds and en-suite bathrooms, separate pool, indoor/outdoor lounge areas and decks, and a well equipped kitchen. The garden villa is available at extra cost to accommodate larger groups.

The main villa features four bedrooms with en-suite bathrooms that are all located on the upper levels. Three bedrooms offer king sized beds. The 4th bedroom offers two queen sized beds, and all bedrooms open to either a terrace or balcony with lush garden views. The master suite features a large jacuzzi bath with views of the rainforest surrounding the villa.

Amenities include a concierge service and villa staff. A private chef is included for 6 days to prepare 2 meals per day, and daily housekeeping and a property caretaker is also included for 6 days a week.

Manuel Antonio National Park's gorgeous white sand beaches and hiking trails are just three minutes away. This biodiverse region offers a host of outdoor activities ranging from world class sport-fishing to nighttime rainforest canopy tours. Unlimited opportunities for exploration abound in every direction. Just ask the concierge team for recommendations during your stay.
